## *Friends*

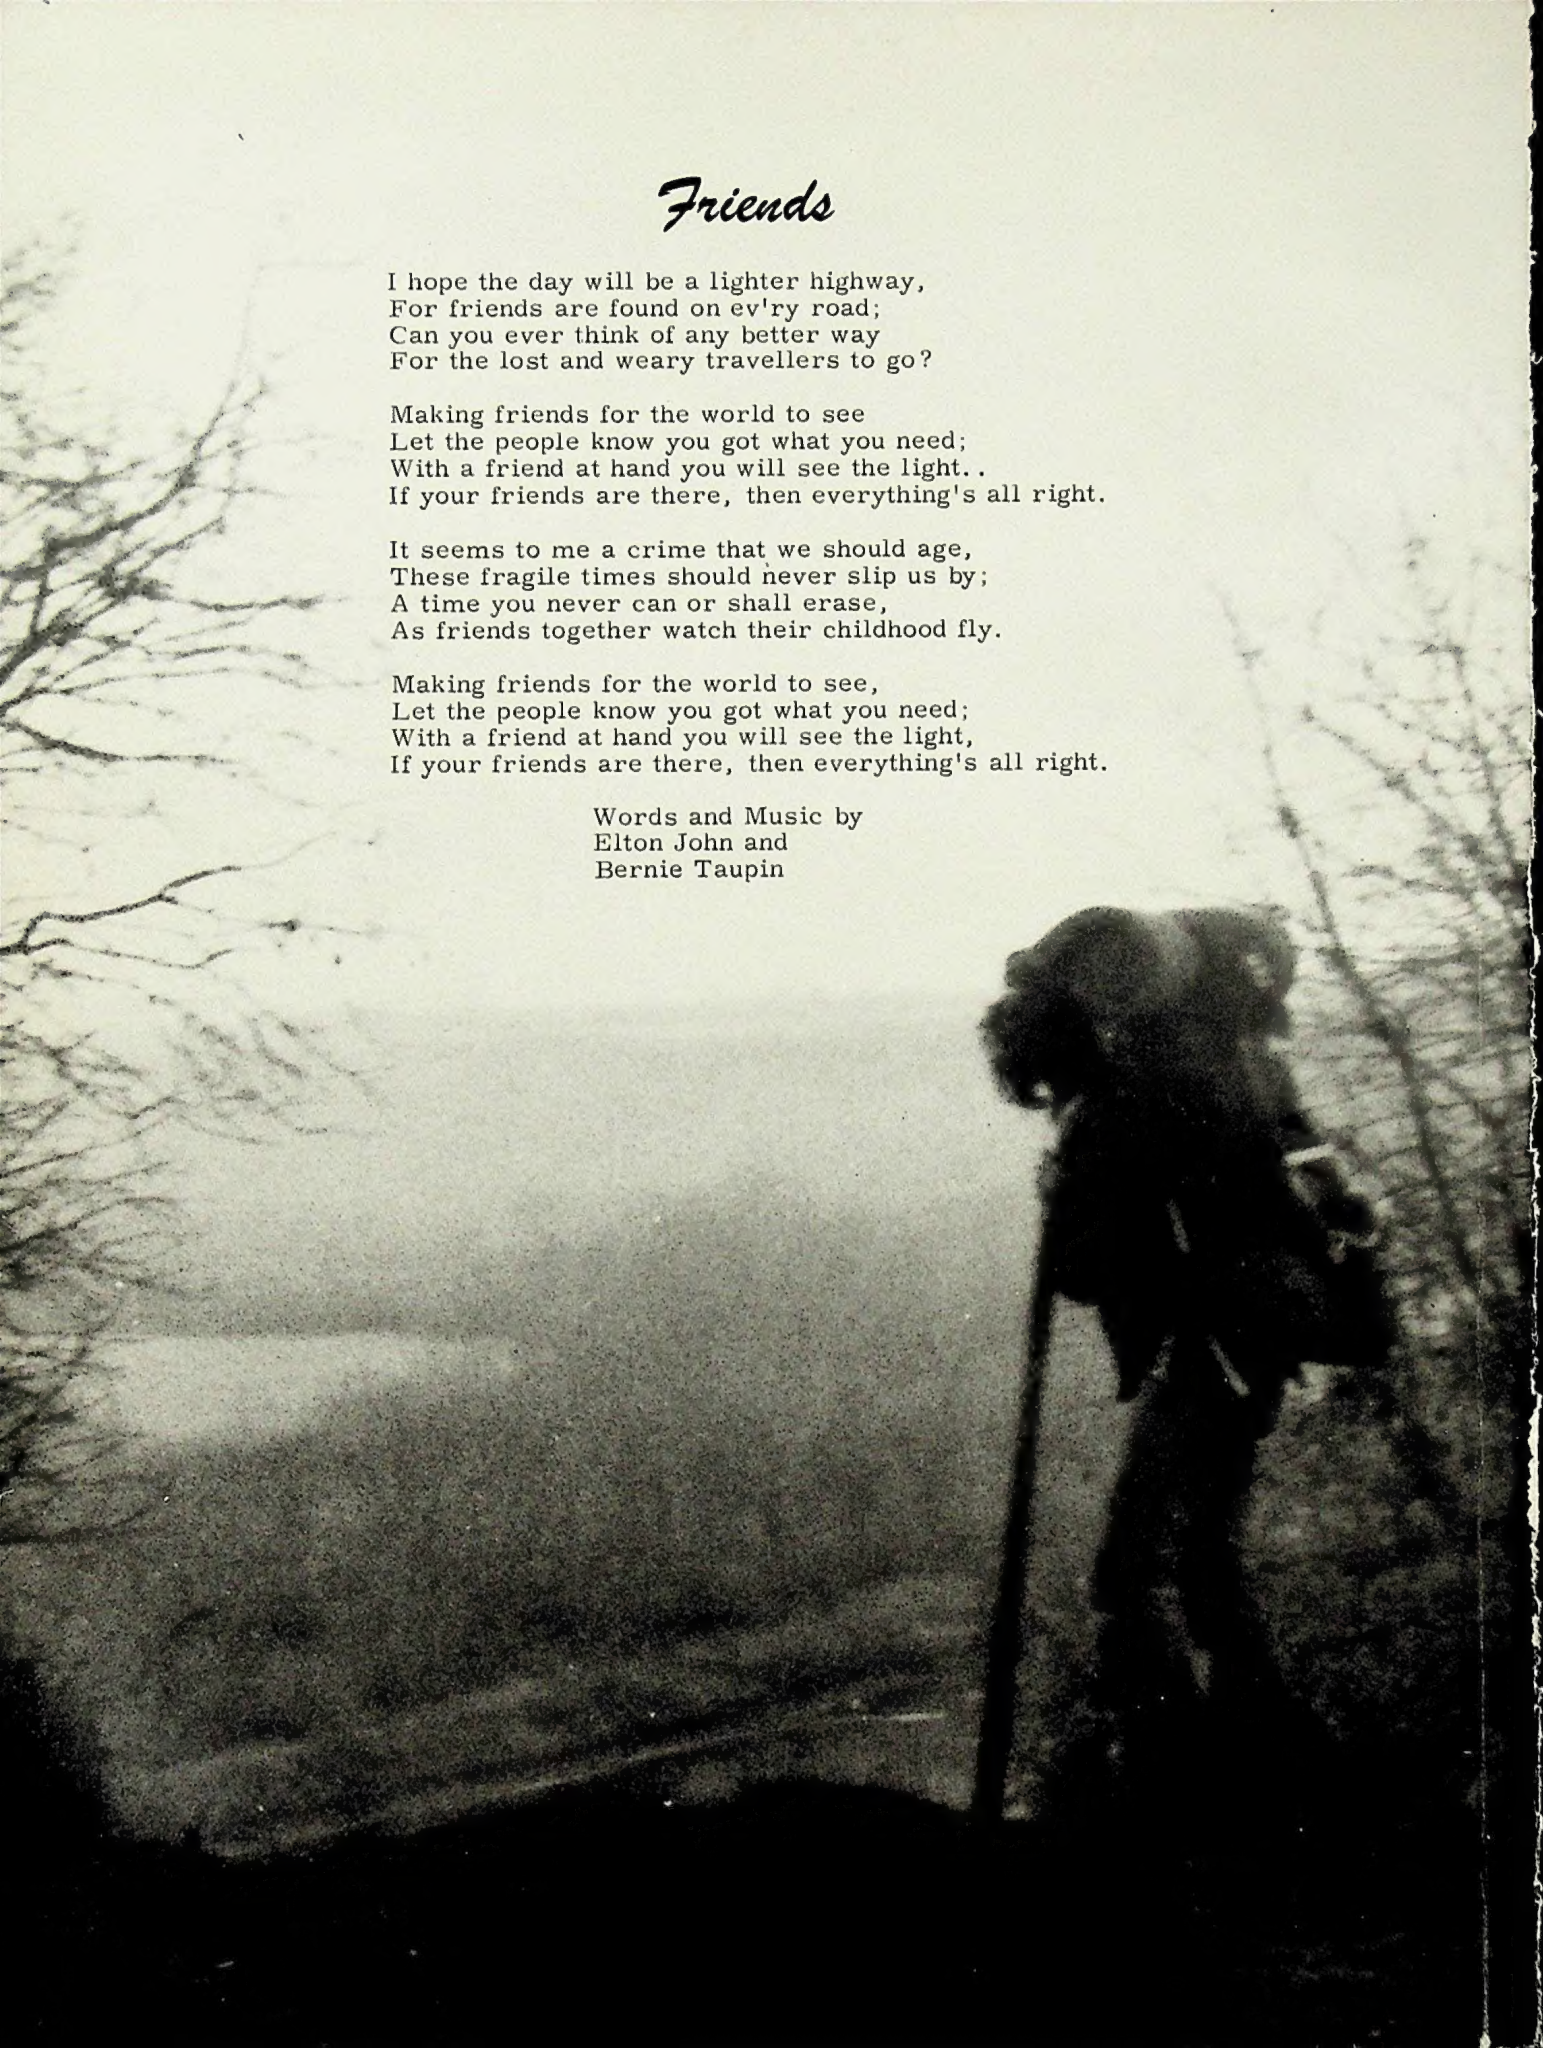

I hope the day will be a lighter highway,  
For friends are found on ev'ry road;  
Can you ever think of any better way  
For the lost and weary travellers to go?

Making friends for the world to see  
Let the people know you got what you need;  
With a friend at hand you will see the light..  
If your friends are there, then everything's all right.

It seems to me a crime that we should age,  
These fragile times should never slip us by;  
A time you never can or shall erase,  
As friends together watch their childhood fly.

Making friends for the world to see,  
Let the people know you got what you need;  
With a friend at hand you will see the light,  
If your friends are there, then everything's all right.

Words and Music by  
Elton John and  
Bernie Taupin

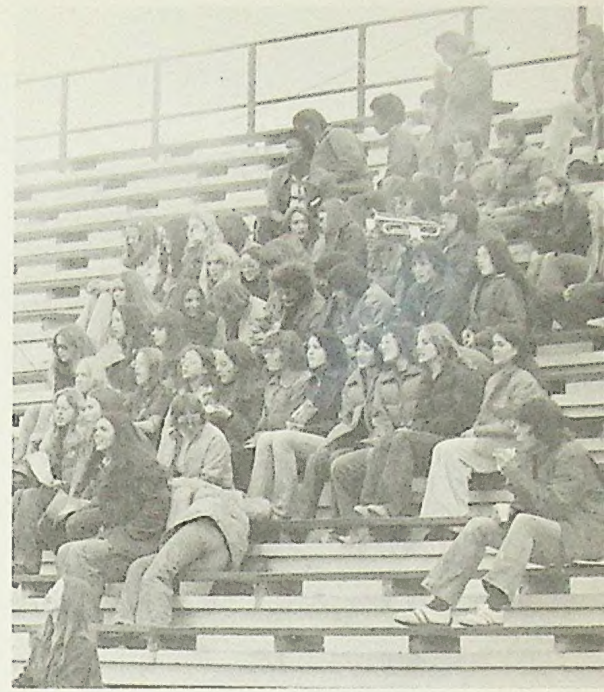

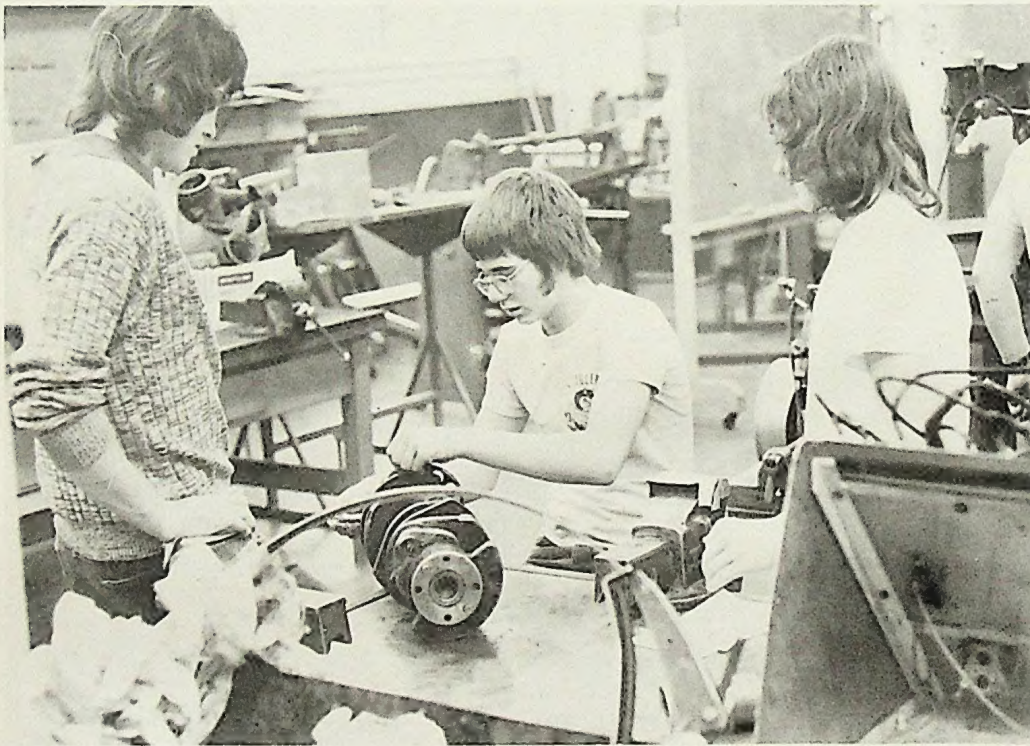

*Involvement? What form of man is this?*

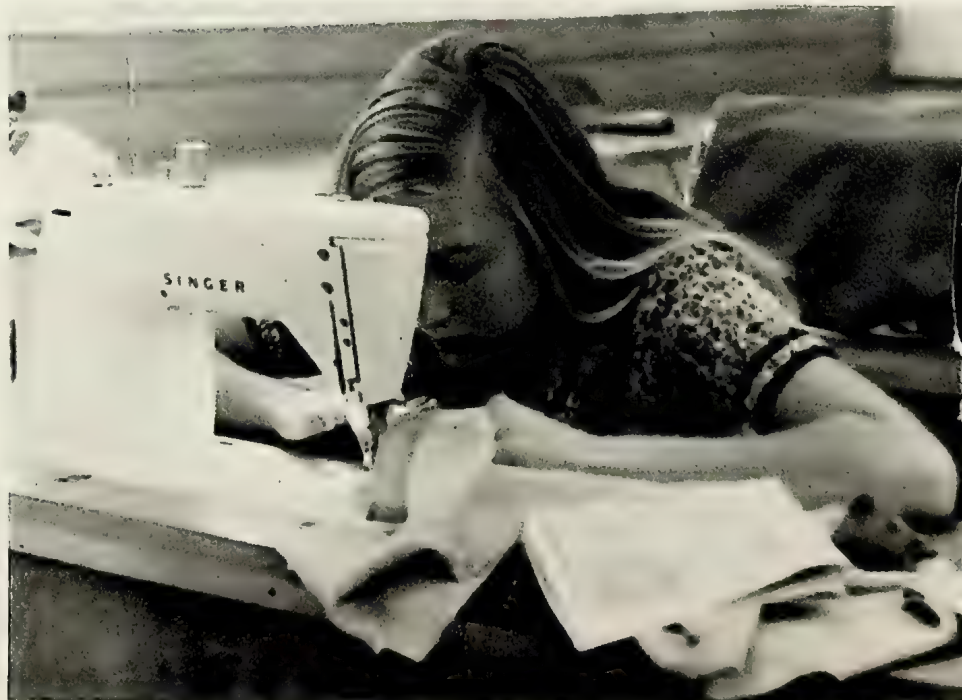

*It is going beyond the ordinary ...  
doing, for doing's sake ...  
going out of your way for an idea ...  
being only a small part of the whole ...*

## *Principal's Message*

Eastglen, Eastglen, Eastglen  
what does it mean? The dictionary  
would probably say it means East of  
the Glen. But for us it doesn't mean  
that since we are East of Northlands!  
Eastglen for us is sometimes a  
school, sometimes a community,  
sometimes people, sometimes a  
building, sometimes work, some-  
times play, sometimes a game, some-  
times a class - but all the time  
Eastglen is yours and theirs, and  
ours, and three more years, and  
happiness, kindness and knowledge.

Arnold W. Holmes,  
Principal.

### CLASS HISTORY

I'm sorry, but I could not remember all the beautiful things that have happened in the last three years. Most of the memories you take with you will be personal ones, ones that are only important to you. I can only try and help you reminisce over things we as a class have enjoyed.

We started out grade 10 at Eastglen, all new and excited, making new friends and acquaintances. We were surprised to find other activities here besides the school routine. One we didn't appreciate was frosh but we managed to get over it. There were clubs, teams, councils and extra classes which not only helped broaden our interests but developed talents within us that we thought never existed. It was a great year for all sports, with our teams bringing home many honors to Eastglen including the City Championship in Boys' Sr. Basketball and Girls' Jr. Volleyball. The social board activities such as Sadie Hawkins, Mukluk days, and the dances helped to make Grade 10 a very unforgettable year. "The Trojan Women" and "Flowers for Algernon" were two great productions put on by the Drama department. We ended the year ready for the summer vacation.

Grade 11 was, as it should be, a super year. We were settled into high school life and not pressured or worried about what lay ahead for us. We just sat back and enjoyed the year. Some great things happened. First we got revenge on those new Grade 10's. We found we had a new principal, Mr. Holmes. He came and brought with him new ideas and activities. Never before had we such opportunities to explore topics, which were not part of the regular school curriculum, and actually got credited for it. New things were happening around us. Social events like Greaser Week were common and as always the dances were terrific. Our teams again put in a good show. Not only basketball, volleyball and football, but teams like the swim team, badminton, the water polo team, and many others were gaining more announcement space

along with recognition which they greatly deserved. The Drama department produced two one act play festivals which included comedies such as "Black Comedy", "Rise and Shine" and "I am Herbert". It was a fantastic year, one which holds many good memories for all of us. Summer was upon us again.

Last summer something happened. We were suddenly hit by the realization of "this is our last year!!" Things were happening very fast and all at once. Our old Eastglen wasn't standing still as it seemed it was before. In this, Eastglen's 20th Anniversary, changes were happening all around us. We saw new lights installed, as well as the P.A. System, we could finally get to school on time with the new yellow bus system. Our students were involved in something very exciting, a once in a lifetime trip to Moscow. At Christmas, Eastglen came alive with the Christmas Lit, Penny Drives, hampers and the door decorating contest. Sports again did very well. The organization of ski trips by both the phys. ed. department and by the ski club have been very successful. Our teams all did very well this year. Even ones like Reach for the Top and the Swim team. The Drama Department was very excited over the painting of the Auditorium and produced two great plays, "Our Town" and "Charley's Aunt". The Phys. Ed. camping trips bring us up to today- "OUR GRADUATION!!"

Yes, many wonderful and sad things have happened to us in the last three years. And as we look back on them, we see we wouldn't change a thing. Eastglen truly is a fine school and we are proud to have been once its students. But now we must turn to other things, things we will be involved with for the rest of our lives. One day we will look back fondly, on those high school days and the wonderful memories which lie there.

Thank you, Eastglen, and Goodbye!!

MR. A. ASHMORE

#### HONORARY PRESIDENT'S MESSAGE

I would like to thank the graduating class for the opportunity of being their "honorary president".

It is my belief that the education system is to help prepare you for society. Hopefully, during the past three years my colleagues and I have helped to prepare you as individuals for the world into which you are headed. It is difficult to give advice during a period of time when the world's technology and problems are increasing at an overwhelming rate. Unfortunately, the solution to these problems is not as simple as that of a mathematical equation where specific guidelines lead us all to the same correct solution. It is the responsibility of each of you as you enter society to try and to solve these problems. The best solutions will not occur unless each of you contribute your knowledge and your ability. As you graduate, you will find that only a small part of your education has passed. Even though this formal education may or may not continue as in high school you will go on to learn and to experience new things which will help you to find the solutions to life's problems. If you stop learning and treat graduation as the final learning stage you will have cheated yourself, your fellow classmates and society.

In response to this year's graduation theme I hope that all of you have some very pleasant memories of your years spent here at Eastglen. It is with your knowledge, your ability and your memories that you have achieved this goal of graduation.

KEN HRUDAY

#### VALEDICTORY

Here we stand on the threshold of a major change. Our high school days are soon to be left behind and ahead we'll be facing a decision that will influence the rest of our lives. Some may decide on entrance to the U of A or NAIT, others will find their destiny in immediate vocational opportunities. In any case our vocational decisions will be based on our past experiences and Eastglen can be considered prominent in these experiences.

All of us hope for success in our endeavours and to some success means money or fame. But success is a personal thing, and its achievement is as unique as the person who achieves it. So we should all try to seek success in our own personal ways and try not to be swayed by the aims of others.

But regardless of whether or not we achieve our personal successes, this year we must say goodbye to old friends and places. The course of our lives will lead us far from here and these things will be replaced by only memories and for some of us, memories will be the only proof that they ever existed.

I would like to thank the staff of Eastglen on behalf of the Grad class and wish all the students graduating this year the best of luck.

ALLAN OSADCHY

### CLASS PROPHECY '74

Late last night while sitting innocently in my fortune teller booth waiting for Madame Gilda (alias Uncle Army) to relieve me, I was viciously attacked and wounded by two women. These ladies or should I say animals informed me that they were representatives of the famed "E.C. H.S." army and unless I co-operated fully with their demands, my subscription to the ECHO underground newspaper would be terminated indefinitely.

"Why, you dirty rat finks!! What is it you want?" I shouted scornfully.

"Just this," replied the heavier of the two as she handed me a small piece of paper. There written in blue and gold letters were the words "Predict the future of the Graduating Class of '74."

It had been a long time since I last did my crystal ball routine, but time was short and I immediately set about my task. Thanks to good old Mary Poppins, I was able to chant a few magic verses which amazingly worked. For there written on the face of my magic crystal ball, was the entire future of the class of '74. The following is exactly what I read, nothing was added nor taken out. Well.....

In the world of show business, actress Nonny Welchski (Nina Wolodko) refused to accept her academy award for best actress in the 'Godmother'. When asked by reporters for a reason for her refusal, the bleached blonde star replied, "I can no longer tolerate Hollywood's mistreatment of Ukranians."

Dreena Hasiuk was arrested today by city police for illegal possession of candy suckers. Judge Gary Woloshyniuk sentenced her to 10 years of hard labor in Laura Secord's Candy Prison (built especially for candy pushers). Hang in there Dreena!!

In the world of sports, Janet Manson Greene won the Super Hot Dog of the Year Award. Her winning performance included a three minute hand-stand in mid air, five cartwheels and eight giant somersaults. Due to two broken legs and arms, two cracked ribs, one broken neck, and a few other minor injuries, Janet was unable to accept her gold medal. But a super party was held on her behalf in the hospital lobby. Great party Jan!

Publisher and writer Bonnie Oxamitny was reported in fair condition in hospital today after suffering from a bad case of writer's cramps. Doctors feel she may never produce another

yearbook again!

Meanwhile, the ever popular "Blue Devil" water polo team won their second straight battle against the famous South American "Piranha" team. Coach Trenchard exclaimed, "It was a bloody good game!!"

Back in the U.S.S.R., all twelve former Eastglen students are reported to be doing fine in the salt mines. A spokesman for the group explained: "It isn't a very tasteful job, but it's something worth digging into!!!"

Word has it that all-time riot leader Caroline Szady, who recently lead a protest march against the discrimination of short people, has now joined the African Pygmy tribe for good. Before boarding her plane, Miss Szady stood before 100 T.V. cameras and set fire to her Dr. Scholl's high platform shoes. So far this has been the hottest event of the year!!

In the world of science, Dr. Shostak and Dr. Yee together have invented what they call the "WEE YEE" pocket calculator. Somehow they were able to transform the brain waves from Dr. Yee and insert them into a tiny portable computer. One flick of the switch brings you the answer in seconds. The only disadvantage is that once you turn the machine on, you can't turn it off!!!

Today in politics Sharon Holowinski defeated Bob Reiter in the presidents seat for the "Society of doing away with all presidents." Not only did she clobber the poor guy, but she also got his vote.

Successful businessman Pete Holoiday opened up another of his chain of "Weight Watcher" spas. It's the only club that boasts of its slogan "Watch you weight grow and grow....."

Darcey Savella was named best dressed woman of the year. When asked by reporters for her secret, Miss Savella replied: "You just have to watch the fire sale ads at Army and Navy for the good buys." Part of her prizes include a successful career in modeling for A&N Boutique.

"Stop, stop!!" cried the lighter of the two women. "Enough of this torture, stop it! I can't bear to hear any more."

Then before I could Jack Robinson, I was hit over the head several times with my crystal ball, from then on I was out like a light!

To the graduating class of '74, I wish each and every one of you the best in the forth coming years. In all keep peace with yourself and strive to be happy.

(P.S. Drop by the booth sometime, hey!!)

DREENA HASIUK  
GRAD CLASS PRESIDENT

#### THE WAY WE WERE

Memories like the corners of my mind,  
Misty, water-coloured memories of the way we were.  
Scattered pictures of the smiles we left behind,  
Smiles we gave to one another for the way we were.  
Can it be that it was all so simple then,  
Or has time rewritten every line,  
If we had the chance to do it all again tell me,  
Would we -- could we?  
Memories may be beautiful and yet,  
What's too painful to remember,  
We simply choose to forget.  
So it's the laughter we will remember,  
Whenever we remember the way we were,  
The way we were.

ROBIN ANDRE

"Things get a little easier once you understand." pp. - Bellevue. There's always too much to do. fav. saying- Tell me another one. be- queaths all her frustrations to Mrs. Crawford. fav. teacher- Mrs. Tolchard. She always said that I could do it.

MIKE ANDRUSIAK

Twas The  
Night  
Before  
Christmas

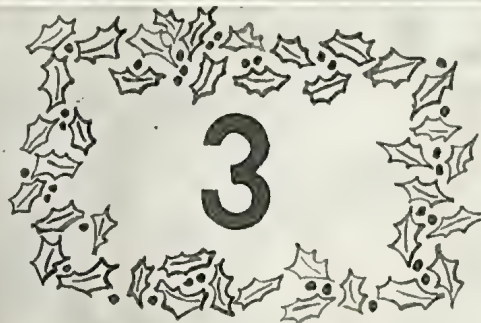

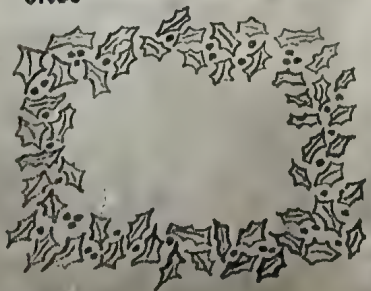

1

Twas the night before Xmas  
and all through the halls  
Not a student was sober  
and so they did fall!  
The class doors were open,  
just slightly ajar  
And hopes were the rotunda  
would soon have a bar.  
The teachers were drinking  
all wide-eyed & giggling  
They leaped to the table top  
dancing and wiggling.

2

The students were joking  
and teachers all happy  
Soon everyone thought  
it was time for a nappy  
When from an old classroom  
there arose such a clatter  
I fell from my desk top  
seeing what was the matter  
The stairs and I stumbled  
as we had a big clash  
No one can say that  
this was no smash

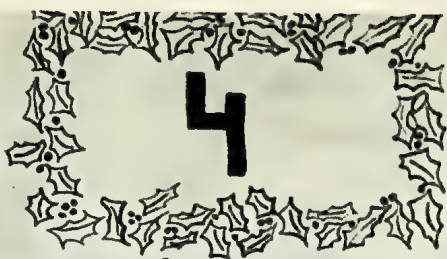

3

The halls were lit dimly  
so no one would know  
The activities of students  
and teachers below  
When what to my blood-  
shot eyes should appear  
But a miniature Texas  
mickey and eight tiny draft  
beer  
With a little old drinker  
so lively and quick  
I knew in the morning  
he'd surely be sick

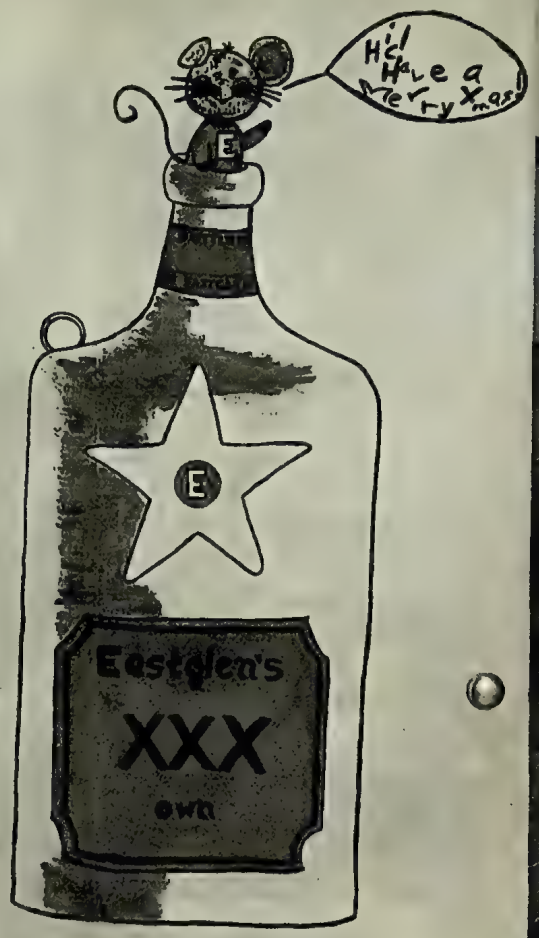

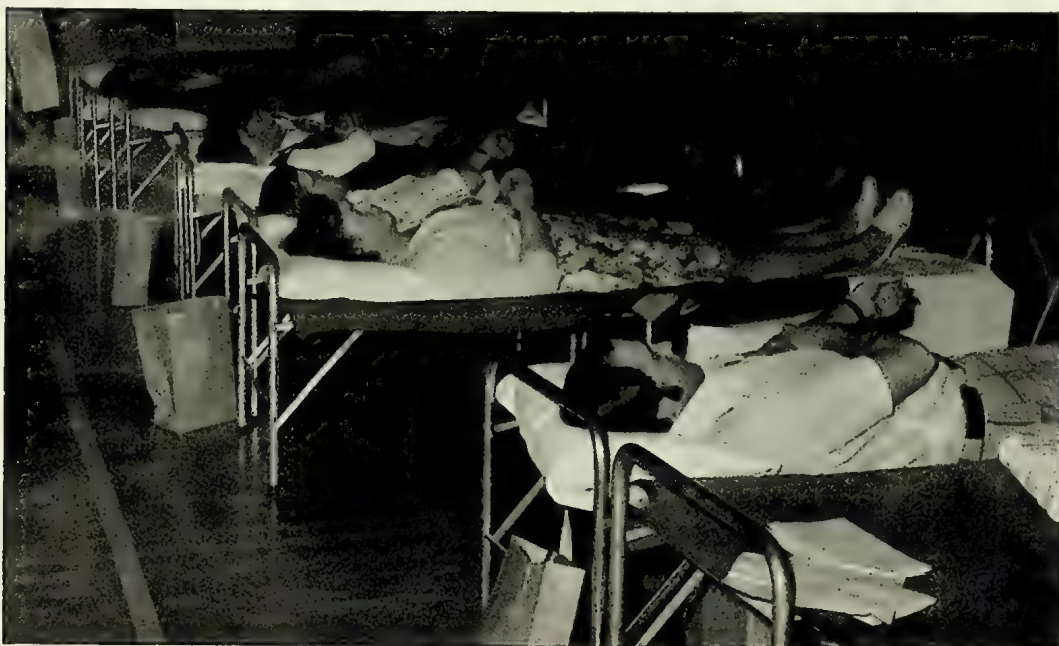

4

Because of past times  
I knew of these games  
I whistled and shouted  
and called him bad names  
You're drunk, you're silly  
and you've been over-  
mixing  
And now must you leave  
and go for some fixing.  
To the top of the stairs,  
and down to the hall,  
Out the front doors,  
and now that is all.

#### EASTGLEN'S 20TH ANNIVERSARY

Twenty years ago Eastglen Composite High School, "the finest school in North America", was opened to provide facilities for the education of the area's aspiring young population. We have set aside two pages to take you back to old Eastwood and Eastglen Highs in commemoration of this twentieth anniversary; may there be many more to come.

EASTWOOD 1941

Another talented Eastglenite, Lynn Edmond, also created a mural to celebrate Eastglen's tenth birthday.

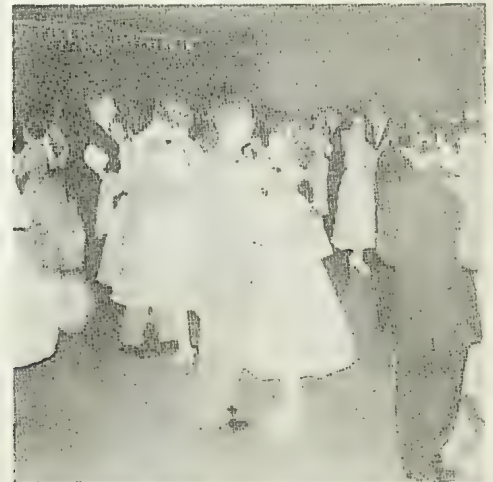

The photograph to the right shows a portion of the mural which was painted on the Library wall.
